

RT²
RTA[®]

CREWS
INC.

LOOK SAFETY **Square in the Eye.**

The new RT²® from Crews has the squared look of trend-setting designer eyewear with the protection that meets ANSI-Z87.1 standards.

The durability of lightweight metal alloy frames is combined with the custom fit of non-slip rubber head-grips and adjustable PVC nosepad.

Available in 8 frame color and lens tint combinations, including an all-new indoor-outdoor that is ideal for both natural and artificial light situations.

STYLES SHOWN: ON MODELS, LEFT, CHROME FRAME AND INDOOR-OUTDOOR LENS (R2129); RIGHT, BRASS FRAME AND GREY LENS (R2112).
ABOVE, BRASS FRAME AND GOLD MIRROR LENS (R2116).
