CP14R

Your First Choice for PPESM

MCR GuardTM has been battle tested in conflicts around the world and offers excellent permeation resistance to most acids, aldehydes, alcohols, amides, bases, esters, and ketones. These gloves are produced domestically with a unique solution dipped process by **GUARDIAN** Manufacturing Company. No other process can achieve such a tight molecular structure, the key to chemical impermeability. MCR GuardTM is made with the finest Butyl rubber in 14 mil 14" smooth or rough and 25 mil smooth finishes.
