

MIG/TIG

Metal/Tungsten Inert Gas

Only the finest top grain leathers from pig, cow, goat and deer skins go into making our magnesium inert gas (MIG) and tungsten inert gas (TIG) welding gloves. Top brands such as Red Ram, Big Buck, Gloves for Glory and Mustang assure the best in comfort, dexterity and longevity in the industry. Sewn with KEVLAR® thread to resist sparks and sharp metals which can unravel most gloves, you will find these gloves a great long-term value. Low heat welding often requires optimal dexterity which affords great attention to detail. You'll find these gloves the leaders in MIG/TIG hand protection.

4840

**Red Ram®
Premium Grade Grain Goatskin
