

# SURVIVOR

## Helps You Survive the Unkindest Cuts.

The unkindest cuts are those that could have been prevented with Survivor™. Made of Spectra® and synthetic fiber blend, the Survivor™ cut resistant glove features a knitwrist designed to keep shavings and dirt out. Reversible and launderable, the Survivor™ is also offered with PVC coating for a more positive grip. FDA-approved materials allow use in food processing applications. Color coded hem to identify sizes and individually packaged for ease of use. The next cut won't be as unkind with Survivor™.
